VOL. XXXVII

HOPKINSVILLE KENTUCKY, TUESDAY, APRIL 27, 1915.

No. 50

EDITORIAL COMMENTS.

Scotland will have at Dunfermline a technical college chiefly devoted to linen weaving.

Wm. Downing was hit by a pitched ball while playing ball at Newton, Mass., Saturday, and died next day.

The Kentucky Educational Association elected T. W. Vinson, of Princeton, President, adjourning the forty-fourth session Saturday.

The streets in Henderson will be oiled by contract at 2 cents a square yard. The oil costs 3 1/2 cents a gallon, as against 4 1/2 cents last year.

Whitley county voted overwhelmingly in favor of issuing bonds for road-building purposes, the vote standing 3,000 for, with only 500 against.

Leroy Brohawn, assistant bookkeeper of the Fayette Home Telephone Co. has been arrested in Baltimore on a charge of defaulting for \$2,200 in his accounts.

Berlin announces that recently the German high sea fleet repeatedly has cruised in the North Sea, even in English waters, but without meeting the naval forces of Great Britain.

One of the men in a wrestling match at Lexington this week is named Wladek Zbyszko. The last fellow who threw him seems to have given him some sort of a shaking up.

Congressman Harvey Helm, of the Eighth Kentucky district, was fined \$50 at Stanford on the charge of having assaulted Stewart Carson, a young telegraph operator, following a quarrel.

Julius Babey shot and killed his wife and seriously wounded his mother-in-law in Louisville. His wife had recently brought suit for divorce. Julius, while playing the role of a warm baby, didn't forget his mother-in-law.

The present Democratic Executive Committee will, from present indications, obstruct any wish or demand of the Democrats to meet in State Convention. Conventions usually reorganize the party committees and the present committee desires no changes.

Jaques Goujon, a French boy of 17, has been decorated for distinguished bravery. He killed two German sentinels, blew up with bombs two quick firers, was captured but escaped carrying with him a machine gun, with which he regained the French lines. Later in battle his right arm was torn off by a shell.

WANTS HEART OR MONEY.

Mortgaged Farm in Vain to Win Bride--Sues For Breach of Promise.

Henderson, Ky., April 23.—The first breach of promise suit ever filed by a man against a woman in this county, has been filed in circuit court by C. B. Hester, a prominent farmer, against Mrs. Ara Belle Walker, a widow. Hester alleges in his petition that last July Mrs. Walker promised to marry him if he would loan her \$1,539 to buy the interest of her children in a certain tract of land; that he procured the money from the Seabree Deposit bank, giving a mortgage on his farm, and gave it to her, but she refused and still refuses to marry him or return the money.

BUNNY DEAD.

New York, Apr. 26.—John Bunny, the moving picture comedian, died to-day, aged 52. He was the Vitagraph's highest paid star.

RESURFACING PAVED STREETS

Southern Bitulithic Co. Replacing Defective Topping Used.

WHICH COSTS CITY NOTHING.

Action Taken Voluntarily After Analyses of Materials Used.

The Southern Bitulithic Co., of Nashville, began yesterday the work of resurfacing the entire area of 12 blocks of paved streets laid by the company in the fall of 1912.

The company entered into a contract with the city to keep the streets in repair for five years. Small holes appeared in 1913 and these were repaired. By 1914 other and larger defective places developed and last fall very general repairs were made. At the same time the company had a chemical analysis made of the materials used in the base and the surfacing of the streets. Just what the conclusion reached has not been announced, but the company evidently found that the asphalt used in the top dressing was defective. At any rate the entire surfacing of from one to two inches is being dug up with picks and entirely new surfacing will replace it over the entire area on both Main and Ninth streets.

The change is made without cost to the city and voluntarily by the Southern Bitulithic Co. Whether that company, which uses the bitulithic process of Warren Bros., of Pennsylvania, has guarantees to fall back upon is not known. Be that as it may, the Southern Bitulithic Co. is "coming square" with this city. The same company is now putting down new streets in Nashville, Owensboro and other cities and could not afford to have unsatisfactory work remain as an object lesson in Hopkinsville.

The work of taking up the old street began at Ninth and Main, on East Ninth street.

HEART FAILURE CAUSES DEATH

Prominent Farmer of Edgote Neighborhood Found Dead In Bed.

Mr. G. W. Royster, a prominent and well known citizen of the Edgote neighborhood, was found dead in bed Sunday morning. Mr. Royster's health had not been good for several years. He shaved himself Saturday morning and appeared to be as well as usual when he retired Saturday night, but when he was called for breakfast Sunday morning there was no response, and on investigation it was found that he was dead. He was subject to attacks of heart trouble and death was probably due to heart failure.

Mr. Royster was 77 years old and is survived by one son, Mr. E. W. Royster, with whom he resided. His wife died about three years ago. He was a native of Virginia, but had lived in the neighborhood where he died, for about fifty years.

The deceased had been a member of Salem Baptist church for many years. The interment took place in Clarksville yesterday.

Women Fined.

Paducah, Ky., April 26.—Mrs. Attie Chestnut, Illinois Central agent at Gilbertsville, and assistant, Miss Nellie Houston pleaded guilty in the Federal Court to robbing the United States mails. They were fined \$500 and \$250, paid the fines in cash and were released.

W. C. T. U. Meets Tomorrow.

The W. C. T. U. will meet at the First Baptist church on tomorrow (Wednesday) afternoon at 3 o'clock. A large attendance is desired, as business of importance will be considered. Everybody is cordially invited.

THE WILGUS PLAYGROUND

Similar Pleasure Spots in Operation in The City of Louisville.

UNDER A PARK COMMISSION.

Mr. Wilgus Probably Got His Idea From Visiting These Playgrounds.

As Hopkinsville will some day have public playgrounds for the children of the city, through the philanthropy of the late W. A. Wilgus, the following description of the playgrounds in Louisville, from the Times, will give an idea what these playgrounds should be:

"Louisville's eighteen large and well-equipped playgrounds will be thrown open to the public June 14, and until that time Supervisor F. I. S. Hess and Supt. Ernest Kettig will busy themselves getting the physical condition of each playground in the proper condition for operating on opening day. Last fall Supt. Kettig added trees and shrubs to most of the playgrounds, and for the past month he has been having new walks made and refinishing of various kinds done. He has installed sanitary drinking fountains in every playground.

He is having rope swings replaced with iron ones, which will not only be more durable, but will be safer for the children. Four new slides, the largest that can be bought, have been added to the apparatus, each playground in the city now being equipped with one.

SWIMMING POOL POPULAR.

Last season the big swimming pool at Central Park was used by 17,000 people. This year it is expected that it will be enjoyed by a still greater number. It will be opened at 5 o'clock each afternoon to business men of the city and an instructor will be in charge for those who need instruction. As has been the custom in the past, classes for business young men and women will be held in the evenings. Last year, for the first time, the pool was open to children from every playground in the city for one period each week, the instructors from various playgrounds taking charge of the classes from his playground. The plan worked so successfully last year that the same idea will be carried out this season.

In making plans for the season's work Supervisor Hess has decided to hold the festivals, which are usually given at the end of the season by the various playgrounds, during the middle of the season instead. At these festivals the parents and friends of the children who frequent the playgrounds are given an idea what kind of work is done on each playground. At the end of the season, however, a grand finale will be given in which the fascinating folk dances enjoyed on the playgrounds during the season will be danced by children from every playground in the city. These pageants are always attended by thousands of spectators, and this year Supervisor Hess hopes to make it the most spectacular ever given in Louisville. As has been the custom for several years, each playground will have a July 4 festival, when appropriate exercises will be given. Several thousand flags will be distributed and patriotism will be the order of the day.

GOOD ATHLETES DEVELOPED.

In the past six years a number of excellent athletes have been developed on the playgrounds as the result of the practice which has been afforded them in preparation for the contests and track meets which are held each year. The track meet which is held at the end of each season is one of the big athletic events of the year in Louisville, and practice this year will begin at the opening of the season in order that as many entries as possible may be made for the event. Interpark contests in baseball and volleyball for boys and volleyball for

TICHENOR THE WINNER

Oratorical Contest at Christian Church Held Friday Night.

UNDER AUSPICES W. C. T. U.

Six Young Orators Competed For The Silver Medal Offered.

The contest of six High School boys for the silver medal offered by the W. C. T. U. for the best declamation, of speeches provided, all on prohibition, was held at the Christian church Friday night and the medal was awarded to McHenry Tichenor.

The contestants in the order named were:

McHenry Tichenor—"The Destiny of America."

Wm. Thompson—"The Decree of a Century."

Sam Torian—"Young Men of Today."

Brown Wadlington—"Patriotism of Peace."

John Hanbery—"American Altruism."

Wm. Trahern—"Prohibition a Civic Necessity."

The judges were Rev. J. B. Eshman, D. W. Kitchen and Mrs. C. H. Tandy.

There were several musical numbers interspersed with the speeches, all appropriate to the occasion.

The solo of Miss Margaret Dalton was an especially delightful feature. She has a sweet and well trained voice and her singing was greatly enjoyed.

The solo of Robert Wright, a parody on Tipperary, was well rendered, with a strong chorus.

Young Tichenor, who won the coveted honor, is the bright young son of Mr. and Mrs. J. McHenry Tichenor.

METHODIST CONFERENCE

Hopkinsville District Meeting to be Held at Elkton This Week.

The Hopkinsville District Conference of the Louisville Conference, M. E. Church will convene at Elkton tomorrow and be in session five days. The opening sermon will be preached by the Rev. H. H. Jones, of Trenton, while the various sessions will be presided over by the Rev. T. L. Hulse, of this city, presiding elder of the district. Dr. Ewald F. Cook, of the Board of Missions, will preach Sunday. About a hundred visitors and delegates are expected to attend.

MRS. CUNNINGHAM

Dies After Surgical Operation at Home in California.

Mrs. P. H. Cunningham, of Berkeley, California, a sister of Judge W. P. Winfree and Messrs T. S. and M. F. Winfree, of this city, died a few days ago. Death followed a surgical operation performed on the 17th inst. She leaves many friends and relatives in this county who will learn of her demise with sincere regret.

The other cars sold in the city were Cadillacs and Overlands and one Buick, which was bought by Mr. A. D. Noe.

Graduating Gown, \$5. Bowling Green, O.—Girl graduates of Bowling Green High School will spend only \$5 for commencement dress material this year. Dresses will be white. The boys have been requested to send but one American Beauty rose to their girl friend.

10 AUTOS SOLD EVERY MONTH

Few People Realize Growth of This Business In Hopkinsville.

The growth of the automobile business in Hopkinsville has been constant and great, as is shown by the fact that the leading company selling automobiles in the city has already sold 25 machines this year, as against 12 sold for the corresponding period last year.

Several sales have been made by other dealers, handling more expensive cars, so that the total sales in the city amount to 35 or 40 cars.

Chas. R. Lewis, secretary and general manager of the Ideal Motor Co., supplies this list of his sales of Fords and Studebakers:

ATTENDANCE OVER 2,800

At Sunday School In The Hopkinsville Churches Sunday.

DECREASE FROM YEAR AGO.

First Baptist Church Led, But Fell Below Attendance of 1914.

Hopkinsville churches generally observed Kentucky's "Go to Sunday School" day Sunday. The weather was ideal and the total attendance for the white churches of the city was 2,320. A decrease of 59 from "Go to Sunday School" day a year ago. The total colored attendance was 472. The First Baptist Sunday school led in attendance with 647.

The detailed report for the various white city churches is here given, compared with last year:

	1915	1914
First Baptist	647	685
Christian	506	455
Methodist	504	483
Second Baptist	146	115
Cumb. Pres.	130	150
Westminster Pres.	130	110
Highland Ch. Meth.	60	94
Grace Episcopal	75	69
First Pres.	59	61
Universalist	20	15
	2,360	2,379

GERMAN OFFENSIVE

About 500,000 New Recruits.

DESIGNS ON PORT OF CALAIS

Comparative Quite Prevails In The Eastern Field of Operations.

London, April 26.—The German rushes in Flanders and the Wever, where they claim considerable successes, are believed to be forerunners of another big effort to break through the allied lines in the west.

For many days Belgium has been sealed from the observation of neutrals, while German reinforcements are being moved to the south to take part in the new offensive, which they hope is to carry them to Calais. The attack in Flanders, originally levelled at the French, has been transferred to the British lines held by the Canadians, on the immediate right of the French, and here for two days the men from the dominion have been engaged in a deadly contest with the Germans. The Germans claim further progress toward Ypres and that British counter attacks have been repulsed.

The French, on the other hand, declare the allies' counter attacks continue with success and that the British hold all their positions, and repeat the charge that the Germans are using bombs containing asphyxiating gases.

The Frankfurter Zeitung justifies the use of these missiles on the ground that the allies have done likewise.

It is believed that half a million new German troops have reached Flanders and that more guns and material are to be used than were provided for in the original attempts to destroy the allied armies in the west—attempts which met with failure both in August and October.

In the meantime the eastern front is enjoying a period of comparative calm, except in the mid-Carpathians, where the Russians continue to attack the Austrians in Uzsoz pass and to the eastward, where the Austrians and Germans are trying to crush the Russian flank. Both sides report success.

Operations in the Dardanelles still are apparently continued to the bombardment of the Turkish entrenchments, while preparations are being made for landing the allied force, part of which is already on Turkish territory at Enos and other points.

Italy and Greece continue to debate what steps, if any, they will take, and Rumania, it is believed, waits on Italy's decision. It is stated that Austrian and German diplomats at Rome are prepared to recommend acceptance of Italy's terms, but are waiting for instructions from Vienna, which has the last word.

Greece, too, is considering terms which, however, come from the allies, and Athens is torn by divided opinions, adherents of ex-Premier Venizelos demanding immediate intervention and the government supporters insisting that the integrity of the country must be guaranteed before Greece takes up arms. An Athens dispatch says that a decision is expected some time this week.

Fishing Party.

Mrs. T. B. Tuggle, of near Roaring Spring, was the hostess of a delightful fishing party Saturday. The party consisted of Mr. and Mrs. T. B. Tuggle and family, Mrs. J. W. Wilson and family, Mr. and Mrs. C. H. Averitt, Mr. E. W. Tuggle, Mr. I. L. Magraw, Mrs. E. S. Crute and daughters, Ella and Bettie, of Cadiz; Miss Ollie Lawson and Idelle Crute of Hopkinsville.

Sudden Death.

R. F. Morgan, a well known Nashville man, was found dead of heart disease in his room in a Pensacola hotel.

TUESDAY, APRIL 24

Judge O'Rear did not show up at
the last joint lecture appointment
with Senator Beckham, at Princeton,
Wednesday.Thirteen thousand dollars was the
sum Jess Willard received for de-
feating Jack Johnson at Havana, the
heavyweight champion told friends.Harry K. Thaw, after many at-
tempts, has finally succeeded in
bringing the question of his sanity
before a jury. Application for a
jury trial, made by his attorneys in
a writ of habeas corpus, was granted
by Supreme Court Justice Hen-
drick, who set the trial for May 17.Gov.-elect Nat E. Harris, of Geor-
gia, who it is now announced, will
finally be called to pass upon the
issue of life and death as regards Leo
Frank, is a native of East Tennessee,
and was for many years a familiar
figure on Cherokee Creek, in Wash-
ington County, and at Jonesboro,
the county seat.Location of the proposed Dixie
highway from Chicago to Miami,
Fla., will be determined at a meet-
ing of the Dixie highway commis-
sioners at Chattanooga, Tenn., on
May 20. This was the sense of a
resolution adopted by commissioners
appointed by governors of the seven
states through which the highway is
projected. Clark Howell, Atlanta,
was elected permanent chairman of
the commission, and W. W. Marr,
Illinois state road commissioner, sec-
retary.Sir John French reports the use
of gas by the Germans in an attack
Thursday as follows:"This attack was preceded by a
heavy bombardment, the enemy at
the same time making use of a large
number of appliances for the pro-
duction of asphyxiating gas. The
quantity produced indicates long and
deliberate preparation for the em-
ployment of devices contrary to the
terms of The Hague convention, to
which the enemy subscribed. The
false statement by the Germans a
week ago to the effect that we were
using such gases is now explained.
It obviously was an effort to diminish
neutral criticism in advance. During
the night the French retired from
the gas zone, overwhelmed by the
fumes. They have fallen back to
the canal in the neighborhood of
Boesinghe. Our front remains in-
tact, except on the extreme left,
where the troops have had to read-
just their line to conform with the
new French line."

Chapter on Finance.

It is not what a man earns but
what he saves that makes him rich,
and it is not what he owes but what
he pays that keeps him poor.

Had His Suspensions.

A subscriber of an Atchison news-
paper sent the following to the editor:
"I don't know that Ben Hurley took
it, but I know I have been missing
wood and loaded several sticks with
powder last Sunday night; and I know
that Ben Hurley lives near me, and
that early Monday morning he drove
hurriedly to town and bought a new
stove."Turkey Was Called "Indian Fowl."
The turkey, so far as records are
known, was introduced into England in
1524, brought probably from the port
of Cadiz, where ships trading with the
Orient were accustomed to call. In
nearly all countries, inclusive of Spain,
and even Turkey itself, this bird is
called the "Indian fowl."

Milton on Virtue.

I cannot praise a fugitive and clois-
tered virtue, unexercised and un-
breathed, that never sallies out and
sees her adversary, but slinks out of
the race where that immortal garland
is to be run for, not without dust and
heat.—John Milton.

SMOKE KEEPS FRUIT SAFE

Scientific Orchardists Have Found a
Way to Prevent the Damage
From Frost.Scientific orchardists have devel-
oped a method of spreading a blan-
ket of smoke over their trees when
frost threatens, thereby keeping them
warm and saving the fruit. These men
have learned that the danger time for
their fruit is upon clear, still nights
when the thermometer is below 40. When
there are clouds there is little danger, for
these hold the latent heat of the earth and
prevent it from radiating into space. But
when the skies are clear the heat goes
hurting away and the danger of frost
impends.So the fruit men have developed
a substitute for clouds. They manu-
facture smoke to take their place. This
is done by burning straw that is some-
what damp and therefore smokes a great
deal as it burns. Great volumes of the
smoke boil up and spread out upon the
fields. It often happens that many men
in a fruit belt may be burning these
smudges at the same time and that the
whole region may become covered with
the smoke. So many a countryside puts
on a smoke blanket that it may keep itself
warm.Yet this smoke imparts no warmth
of its own to the orchards. It merely
serves the purpose of preventing the
radiation of the heat that has been
stored up in the ground since the time
that the sun last shone upon it.

NO NOVELTY

Cholly—And will you come and
see us when we're married, Lulu?
Lulu—Aw! wot's de use? Dere
won't be anything ter see den. You
won't be spoony at all after you're
married.

PEACH PIE IN HIP POCKET.

With a charlotte russe in an in-
side pocket, a piece of peach pie,
mashed almost beyond recognition,
in his hip pocket, and with various
other eatables in other pockets,
Richard Campbell, aged thirty-five,
was arrested, says the Pittsburgh
Dispatch. Policemen say they noticed
Campbell going through the back
yards of several East end resi-
dences. They followed him for two
squares, and the police say Campbell
did not miss a back door.

EAST INDIAN SOLDIERS.

In the Indian infantry regiments
the rank of subadar is equivalent to
that of captain, and jemadar to that
of lieutenant. Havildar is sergeant,
naik corporal, and sepoy private. In
cavalry regiments troopers are
known as sowars, the sergeant be-
comes duffadar, and the captain
risaldar, the other designations be-
ing the same as in the infantry reg-
iments. The only variation in these
terms is in the case of the Gurkhas,
in which privates are known as rifle-
men instead of sepoy.

PROPERLY DISPLAYED.

"What lovely hands Mrs. Plum-
mer has.""Yes, she's one of our most indus-
trious public knitters."

INTERVENTION.

May—Did you lay siege to the
heart of that chap from Mexico?Fay—Yes; but father intervened.
—Judge.

THE STRESS OF THE TIMES.

"I noticed my friend the farmer
leveling his own lumber.""I see. Cutting down his expenses
with an ax."

HIS JOB.

"Binks tells me he is getting up
in the world.""Sure he is. He's running the ele-
vator in a fifteen-story apartment."

Dread of an Operation.

N. Manchester, Ind.—Mrs. Eva
Baabore, of this place, says: "I
suffered female misery of every
description. Two doctors attended
me, and advised an operation. I
lost weight until I weighed only
ninety pounds. I dreaded an oper-
ation, and, instead, began to take
Cardui. In a short time, I gained
25 pounds, and feel as well as I ever
did. Cardui, I am sure, saved my
life." Cardui is today used in thou-
sands of homes, where it relieves
pain and brings back strength and
ambition. It is a woman's medicine,
for woman's ailments, and you are
urged to try it for your troubles.
Ask your druggist. He will tell you
about Cardui.—Advertisement.

ANNO UNCEMENTS.

We are authorized to announce

HELPED WHALE OIL TRADE

Mines Have Driven the Mammals in
Immense Drove into Norwe-
gian Waters.The war has filled the Arctic with
whales, according to the belief of
some whalers, who say the mines,
torpedoes and shells in the North sea
have driven the mammals in schools
farther north this winter. One of
the large Norwegian whaling com-
panies has just distributed a divi-
dend of 25 per cent among share-
holders on this season's catch. The
whale oil refineries of Norway are
sharing this prosperity.While the whales are bringing
wealth to Norway the reports of the
department of agriculture is disap-
pointing as to the amount of crops
yield, which falls about \$2,000,000
below the average year. Fortunately
the quality of grain has been unusu-
ally good and the higher price, due
to the war, is to the advantage of the
farmers. The economic loss, how-
ever, will be felt by the country. Hay
and potatoes were the only crops
reaching their normal yield.

A TOUGH SUBJECT.

"Doppel has a sunny disposition.
He seems to see the good in every-
body.""How about the footpad who held
him up a few nights ago and took his
watch?""Oh, Doppel says he's sure there
was good in that fellow, too, but
when Doppel tried to draw him out
he got mad and said, 'Beat it!'"No Use to Try to Wear Out
Your Cold It Will Wear
You Out Instead.Thousands keep on suffering
Coughs and Colds through neglect
and delay. Why make yourself an
easy prey to serious ailments and
epidemics as the result of a neglect-
ed Cold? Coughs and Colds sap your
strength and vitality unless checked
in the early stages. Dr. King's New
Discovery is what you need—the first
dose helps. Your head clears up,
you breathe freely and you feel so
much better. Buy a bottle to-day
and start taking at once.

Bitter Plaint.

Being without money and friends,
the accused was assigned an attorney
by the court. Despite his lawyer's
efforts a conviction resulted. Calling
the convicted man before him, the
Judge asked: "Have you anything to
say before I pass sentence?" "Yes,
your honor. It looks to me like some
people around here—naming no names
—are in cahoots. I'm not forgetting
who inflicted that lawyer on me."Liv-Ver-Lax is harmless—not a
deadly poison like calomel. Any
child is safe and happy by the use of
Liv-Ver-Lax.—Advertisement.Destroying the Mosquito.
The way to destroy the mosquito in
its larval stage is to pour a little ke-
rosene on the surface of the pool or
stream inhabited by the industrious
wiggler. The oil shuts out the sup-
ply of oxygen from the water be-
neath. The wiggler rises tall first to
the surface and tries to force his
breathing tube through the thin layer
of oil. He fails and promptly dies
from suffocation—a suitable death for
so frigid an insect.For a mild, easy action of the bow-
els, try Doan's Regulets, a modern
laxative. 25c at all stores.—Adver-
tisement.

The Late Ones.

Mrs. Crimmonbeak—"I see in a Long
Island factory there recently was
made a candle which, if burned contin-
uously, would last for about nine
years." Mr. Crimmonbeak—"Well, I
should think almost any husband
ought to be home by that time."Wake up your Liver. A lazy Liver
brings on the worst of diseases.
Take LIV-VER-LAX now. Adver-
tisement.WAR! What Is It
All About?HAS the whole world gone stark mad over a very foolish and trivial
question? Are swords rattling, cannon rumbling, mailed armour
glistering just because Russia wanted to show her love for the little
brother—Serbia?Tear aside the curtain of Europe's politics and see
the grim and sinister game of chess that is being played.
See upon what a slim, yet desperate, excuse the sacred
lives of millions may be sacrificed. Read the history
of the past one hundred years, as written by one of the
greatest authorities the world has ever known, and learn
the naked, shameful truth. Just to get you started as a

Duruy's History of the World

Four splendid cloth volumes, full of
portraits, sketches, maps, diagramsToday is the climax of a hundred years of preparation.
Read in this timely, authoritative, complete, AND THE
ONLY CONDENSED classic world history—of which over
2,000,000 copies have been sold in France alone—just what has
taken place in the inner councils of Europe during the past one
hundred years. Read in these entrancing pages how Russia
has for years craftily been trying to escape from her darkness—
to get a year-round open port, with its economic freedom.
Read how Germany and Austria, fearful of the monster's
latent strength, have been trying to checkmate her and how
they have pinned all in this last, supreme stake.

The Lesson of the Past

THIS master of the pen shows you the glory that was Greece's
and the grandeur that was Rome's. He guides you through the
Middle Ages, the picturesque old days of feudalism and the crusades
through the Renaissance up to contemporary history, which Prof.
Grosvenor completes in brilliant manner. In the story of the past
he the secrets of today. And you will understand them better when
you get the Review of Reviews for a year—for the Review of Re-
views will give you a sane interpretation of the events that are taking
place with such rapidity. It is not enough to read the daily news
reports. Your ability to comprehend conditions, and to discuss them
rationally depends on a true interpretation of the meaning and the
"reason why" of events. In your mind you must bring order
out of chaos—and the Review of Reviews will do it for you.Get the

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

LOOK ON THE SUNNY SIDE

Cultivation of Optimism Will Always Be Found to Pay Big Dividends.

Optimism is a virtue which everyone should cultivate. It not only makes us much happier and brighter, but also more popular, for everyone loves to be with an optimist. Even pessimists are stirred out of their constant gloom if surrounded for a time by a number of persons who persistently look on the sunny side of life, no matter how dark the outlook.

After all, optimism or pessimism is all a frame of mind. Both words simply describe mental conditions, and, since this is so, why not choose the one which will make us happy?

Optimism means looking on the sunny side of life, seeing only the good in all things. We can easily cultivate this viewpoint if we will only try, and it makes such a difference in what we see. We can look at the same persons and see quite different traits. We also see other more beautiful things in whatever direction we look.

Why should we walk through life looking down at the mud of the streets when we could be looking up at the blue of the skies? As one of the characters in a popular drama now running says, "The pig spends his whole time rooting around with his nose in the dirt, but I never heard of anyone wanting to be a pig!" And again the same character says, "Why should anyone search all over the big, blue sky for a cloud when he can enjoy the sunshine?"

Liver-Ver-Lax stimulates the Liver. A harmless vegetable compound. Any child can take it safely. Ask L. L. Elgin and Anderson-Fowler Drug Co., Incorporated.

So Say We All of Us.
A scientist says he is in favor of frequent yawning. So are we, when the other fellow takes the hint.—Philadelphia Inquirer.

ELECTRICITY MADE AT HOME

Explanation of Simple and Inexpensive Way of Producing Electric Sparks.

The ordinary person either does not understand or is afraid of electricity and could scarcely be persuaded to manufacture it himself, and yet, after all, a little electrical experiment at home is both amusing and instructive. All that you have to do, says London Answers, is to take a glass, expose it to the fire so that it shall be perfectly dry and place it upside down upon the table.

Afterward take a tray, also perfectly dry, and place it upon the glass in such a way that it shall preserve its equilibrium. Finally, take a sheet of paper slightly smaller than the tray, heat it and rub it rapidly with a brush and it will become quickly electrified. Then place it upon the tray.

An electrical machine will thus have been constructed without any expense. If the finger be brought near the tray a spark will appear. This spark will be so much the brighter and the series of sparks will be so much the longer, in proportion as the glass and tray are drier.

If, when the sparks are being drawn from the tray, the room in which the experiment is performed be darkened, these sparks will appear extremely brilliant.

LIV-VER-LAX relieves all ills of the Liver and Stomach. Get it from L. L. Elgin and Anderson-Fowler Drug Co., Incorporated.—Advertisement.

Careless Omission Costly.
A "monkey-wrench" mechanic will often omit placing cotter pins or retaining wires in the crown nuts in the motor transmission case or differential housing. Should one of these nuts shake off it will more than likely get into the gear mesh and break up the whole mechanism.

Liv-Ver-Lax is purely vegetable. Just what you need to tone up your system. Ask L. L. Elgin and Anderson-Fowler Drug Co., Incorporated.—Advertisement.

TWO DOCTORS
PRESCRIBED

The Druggist Filled Both Prescrip-
tions---Then The Patient
Took His Choice.

Your Agricultural Experiment Station at Lexington,
Ky., has a reputation that is known throughout the
United States. The men in charge of the experiments
stand at the head of their profession. For many years
the men in charge of this work have taught the farmers
of Kentucky to look for quality in their Fertilizer pur-
chases, and to buy nothing but the best. They say:
"In other words, the higher the grade the cheaper can
the plant food be bought. Farmers are advised, there-
fore, to purchase only high grade Fertilizers."

You pay for all the advice you get.
Like the lawyer and the doctor, the Ag-
ricultural Adviser must live. You pay
50c per ton on all the Fertilizer you use,
to get the advice of your State Agricul-
tural Experiment Station and to have
their Bulletins printed.

In the latest Bulletin, No. 177, the re-
ports of the analyses show that one man-
ufacturer gave in his Fertilizers excess
values averaging over \$4.00 per ton,
while the average of all other manufac-
turers showed excess values of only
\$1.40 per ton. We believed that this was
the kind of Fertilizer that would appeal
to the high-class Kentucky farmer, and
that's why we offer you

Globe Fertilizer

Now, other advisers are telling the
farmer that price is the only considera-
tion in buying Fertilizer, and that in all
their purchases they should remember
the one word, "CHEAP." So we are
ready to fill this prescription, too, with

Battle-Axe

GEORGE SLAUGHTER IS
CONVICTED OF ARSON

Former Circuit Clerk, Who
Burned Courthouse at Ben-
ton, Pronounced Guilty.

Paducah, Ky., April 26.—A ver-
dict of guilty was returned late
Friday afternoon in the arson case
against George Slaughter, former
circuit clerk of Marshall county, for
burning the courthouse at Benton.

The case was transferred to the
McCracken circuit court on a change
of venue and went to trial Thursday
morning. The arguments were con-
cluded at 3:30 o'clock Friday after-
noon, and the jury deliberated about
an hour. Slaughter's maximum pen-
alty is seven years and one month in
the penitentiary and the minimum
seven years.

Practically all of the testimony of
the defense was in support of the
insanity plea, several physicians, in-
cluding Dr. H. P. Sights, superin-
tendent of the insane asylum at
Hopkinsville, Ky., swearing that
Slaughter was mentally deranged
when he committed the act, which
was admitted by the defense. The
commonwealth introduced several
witnesses all acquaintances of Slaugh-
ter, to establish that he was sane.
Probably the most damaging evi-
dence was a photograph of the appli-
cation Slaughter made for life insur-
ance previous to the crime, showing
that he had stated there was no
insanity among his relatives, as the
defense had attempted to prove that
some of his relations were of un-
sound mind.

Slaughter did not testify.

Wants Law Construed.

Attorney-General Garnett has filed
a brief in the U. S. supreme court
urging that the Webb-Kenyon fed-
eral liquor law should not be so con-
strued as to convert it into a legal
"scarecrow." The law prohibits in-
terstate shipments of liquor into dry
territory when "intended by any
person interested therein to be re-
ceived, possessed or sold, or in any
way used" in violation of state laws.
Attorney-General Garnett protested
against a construction which would
make the law inapplicable for liq-
uor intended by a consignee for his
personal use—a use not forbidden by
state laws.

There is more Catarrh in this section of
the country than all other diseases put
together, and until the last few years
was supposed to be incurable. For a great
many years doctors pronounced it a local
disease and prescribed local remedies, and
by constantly failing to cure with local
treatment, pronounced it incurable. Sci-
ence has proven Catarrh to be a consti-
tutional disease, and therefore requires
constitutional treatment. Hall's Catarrh
Cure, manufactured by F. J. Cheney &
Co., Toledo, Ohio, is the only Constitu-
tional cure on the market. It is taken in-
ternally in doses from 10 drops to a tea-
spoonful. It acts directly on the blood
and mucous surfaces of the system. They
offer one hundred dollars for any case it
fails to cure. Send for circulars and tes-
timonials.

Address: F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

"After Using Peruna Many Years"

I can say that Peruna is a fine remedy for catarrh and diseases of the tonsils and many other ailments. It is manufactured by a well-known company, who are perfectly reliable.

A Tonic with slight laxative qualities.

"I have noticed a great many others taking this remedy, and I have yet failed to see a case where the continued use of Peruna did not complete a satisfactory cure in reasonable time."

FRIENDS IN NEED

Are Friends Indeed and Real Neighborly Feeling is Found in Kentucky.

The family of Loss Pepper, in the northern section of the county, has suffered heavily from la grippe this spring. The entire family has been down with the disease, which is a malignant form, and Mrs. Pepper, and one daughter and one son have died. Mr. Pepper and the other boys are seriously ill now.

But Mr. Pepper's neighbors have rallied to his assistance in every way possible. One day recently about 75 persons with about 90 head of stock went to his place and plowed his fields and planted his entire crops and garden, fixed and cleaned up things about the place, then went over to the place of Ed Pepper, a brother, whose constant attention to the stricken family had put him much behind with his farm work, and there 16 acres of ground were cultivated and planted for him. Not content with this, the generous neighbors made up a purse of about \$75 to apply on the heavy burial expenses met by the family. This is one of the most notable instances of neighborhood charity ever known in this section.

Alvin Clark Reappointed.

Alvin H. Clark has been reappointed local U. S. Commissioner for the coming four years by Judge Walter Evans, of the federal court.

Mrs. W. S. Davison is visiting friends in Louisville.

When Croup Comes Treat Externally

The old method of dosing delicate little stomachs with nauseous drugs is wrong and harmful. Try the external treatment—Vick's "Vap-O-Rub" Salve. Just rub a little over the throat and chest. The vapors, released by the body heat, loosen the choking phlegm and ease the difficult breathing. A bedtime application insures sound sleep. 25c, 50c, or \$1.00.

FOUND DYING GUNSHOT WOUNDS

Former Owensboro Man is Believed to Have Attempted Suicide.

Charleston, W. Va., April 23.—Guy M. Dean, 40 years old, a native of Owensboro, Ky., and for some time auditor of the New River & Ohio Coal Company, of this place, was found in a place known as Ruffner's Hollow, on the outskirts of the city, suffering from a gunshot wound in the head. He was taken to a hospital, where it was found that the bullet had penetrated the brain. His recovery is thought to be impossible. A revolver was found near his body. He has been regarded as an exceptionally good business man, and it is said that he was connected with some large financial ventures in Owensboro and elsewhere before becoming connected with the New River & Ohio Coal Company.

PURELY PERSONAL

Mrs. A. C. Cavanah has been at the bedside of her sister, Mrs. Coley Payne, at Hopkinsville for several days, who is very low of tuberculosis.—Providence Enterprise.

Mrs. C. A. Brasher is visiting relatives in Earlington.

Prof. H. G. Brownell, of Russellville, was in the city Sunday.

Robt. Walter, who has been ill with pneumonia, was able to be on the streets yesterday.

John M. Myers, who was operated upon last week, continues to improve.

R. G. Baynham and family, of Providence, Ky., came over in their car and spent Sunday with relatives here and at Kennedy, returning yesterday morning.

Mrs. C. B. Crutchfield has returned from a visit to relatives at Trenton.

C. R. Clark, Alex. Overshiner and T. C. Underwood, who spent a week fishing in Green River, near Rochester, have returned home. E. B. Lindsay and Louie Weathers, of Elkton, were members of the party.

Messrs. John H. and Sam Lander are at Hot Springs, Ark. The former's health has not been good for some time.

Mr. and Mrs. J. L. Booth, of Cincinnati, O., are visiting their sister, Mrs. John H. Lander, at Gracey.

Two Deaths Near City.

Rebecca White died at the poor farm Sunday of heart disease, aged 65 years. Interment at the Boyd burying ground yesterday.

William Wright died at the poor farm a few days ago of Bright's disease, aged 76 years.

Potash deposits of importance have been discovered in Southern California.

LOT SALE

OF THE

Rev. Chas. Nourse Property

ON EAST SEVENTH STREET

Thursday, May 6, 1915

AT 2:30 P. M.

This is the most desirable property in Hopkinsville and it will be your opportunity to buy either a nice home or a first-class investment.

The house on this property, facing Seventh Street, is in good repair with bath and lights and has 6 rooms with two large halls and summer dining room.

The four houses on Fourth Street are all rented and yielding a good interest. The eight vacant lots facing Cottage Court are naturally graded and well drained.

I will give definite figures on day of sale as to the cost of moving the house on East Seventh Street, leaving the only desirable building lot for sale on East Seventh Street.

The attached plat will show the perfect arrangement of this property.

This property will be sold on the following terms:

25 Per Cent. Cash, Balance in 3 Notes, Due in One, Two and Three Years.

No lots will be sold to colored people.

Any persons interested will please phone 809-1 or address 614 North Main Street, and I will be glad to show the property.

W. T. LEACH, Hopkinsville, Ky.

VICK'S Croup and SALVE

SHOOTS MANAGER OF DIXIE TRUST COMPANY

City Solicitor James Campbell, Jr., Wounds A. B. Cunningham at Paducah.

Paducah, Ky., April 23.—A sensational shooting affray occurred in the business section Thursday afternoon, when City Solicitor James Campbell, Jr., shot and wounded A. B. Cunningham, manager of the Dixie Trust Company, following a brief argument. Campbell, who surrendered at police headquarters and was released after giving bond in the sum of \$300 for his appearance in court, said he shot Cunningham because he called him a vile name and assumed a threatening attitude. The shot broke Cunningham's left arm. City Solicitor Campbell is manager of the city loan shark bureau which defends all touts for illegal interest filed by the loan agencies, for which the bureau makes no charge. The bureau is a branch of the city government, and just before the shooting Campbell had won three suits in Magistrate C. W. Emory's court.

SHOULDER BLADE WAS FRACTURED

Dr. J. A. B. Word and His Two Children Injured In Auto Accident.

Dr. J. A. B. Word, of Oak Grove, was painfully injured in an automobile accident, near the Minty farm on the Clarksville Pike, Saturday afternoon. His two children, a son and daughter, were in the vehicle with him. The boy was bruised and scratched considerably about the face but the girl was but slightly hurt.

Dr. Word sustained a fracture of one shoulder blade and other less serious injuries. There were numerous bruises and abrasions, but no other bones were broken. Dr. Word was returning home from the city and when six miles out he lost control of the machine in going down a hill and the car left the pike in approaching a culvert and plunged into the shallow stream.

VICK'S Croup and SALVE

Anyone can understand and operate a Ford car. Extremely simple, yet absolutely scientific in every detail. No need of a skilled mechanic to keep your Ford running. Each owner looks after it himself. Doctors, farmers, business men, men in every walk of life, enjoy Ford service and economy, for a Ford costs, on the average, but two cents a mile to operate and maintain.

Buyers of this car will share in profits if we sell at retail 300,000 new Ford cars between August, 1914, and August, 1915.

Runabout, \$440; Touring Car, \$490; Town Car, \$690; Coupelet, \$750; Sedan, \$975, f. o. b. Detroit with all equipment.

We are enabled to give our readers, old and new, the benefit of this money-saving club offer, only because of a very special arrangement with the publishers of McCALL'S MAGAZINE.

WOMEN Love This Magazine

Come in or write to see a sample copy

McCALL'S is the Fashion Authority and Housekeeping Helper of more women than any other magazine in the world. All the latest styles every month; also delightful stories that entertain, and special departments in cooking, home dressmaking, fancy work, etc., that lighten housework and save money. McCALL'S has been a family favorite for forty-five years. It is the magazine that satisfies.

Mrs. J. T. D., a subscriber of Temple, Ga., writes: "You may put my name on the list with those who think McCALL'S MAGAZINE is worth twice as much as 50 cents a year—for every one in the family. So many pretty fashions and so much good reading I can hardly wait to see it."

IS WONDERFUL AIR MACHINE

German Zeppelin Can Carry Heavy Load and Still Attain Speed That Is Remarkable.

Possibly your impression of a Zeppelin is that it is a cigar-shaped balloon with propelling apparatus added. The large envelope of a Zeppelin dirigible is not entirely filled with gas, but contains instead sixteen separate "balloons," each of which is filled with hydrogen. Thus a shot may pierce the envelope without bringing the airship to earth. Half of the balloons must be punctured before a Zeppelin can be brought down. A Zeppelin of the latest known type measures 400 feet in length and 50 in diameter. The frame which supports the envelope is constructed of aluminum. Because of this rigid construction it is possible to mount the propellers on the envelope. In the nonrigid dirigibles used by other European powers the propeller is more usually mounted near the car. The Zeppelin has two cars, mounted close under the main body, each of which has a gasoline motor of 500 horsepower. When carrying a full crew of 25 men and five tons of bombs and other equipment, a Zeppelin is capable of a speed of 50 miles an hour.

BIG WAR CONTRACT ABOUT TO BE LANDED BY HOPKINSVILLE CONCERN.

It is rumored that a High Official of the Russian army has been in the city within the past week negotiating for a large quantity of War supplies for the army. It is understood that a recent order from Petrograd required all soldiers to take their annual shave July 1, and the reputation of the "MULE HOLE" as a clean cutter having reached the Czar, he gave orders to investigate and if found practicable to place his order for a large shipment.

We have no doubt but that the contract will be placed, as the Mule Hoe not only saves the work of six men hand hoeing, but is the most efficient tool ever invented for the shallow cultivation of Corn and tobacco, not only killing the weeds but mulching the soil, which retains the moisture and keeps the plants growing in dry weather. Further information about the WAR that has been declared on the Weed Pests of Christian county can be had by calling on your dealer or writing "MULE HOLE" Pratt, Hopkinsville, Ky.

An Umbrella Hint.
Before using a new umbrella or sunshade rub a small quantity of vaseline into the hinge portions of the frame. This will not run like oil, and it is a sure preventive against rust.

For baby's croup, Willie's daily cuts and bruises, mamma's sore throat, Grandma's lameness.—Dr. Thomas' Electric Oil—the household remedy. 25c and 50c.—Advertisement.

CRYING FOR HELP

Lots of it in Hopkinsville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed. Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys' cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys. Proof of merit in the following statement:

F. M. Hall, farmer, Rock Castle Road, Cadiz, Ky., says: "I have not had any need of a kidney remedy since Doan's Kidney Pills cured me some years ago. I used two boxes of this medicine and I think it is all that is claimed for it. Doan's Kidney Pills also cured another of my family of serious kidney trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hall had, Foster-Milburn Co., Buffalo, N. Y.—Advertisement.

Prudent!

Russia's Immensity.

With the bulk of its crops raised by the peasant, and for the most part employing primitive means of farming, Russia is unable to produce a large proportion of the world's food supply. In 1913 it gave to civilization nearly a fourth of its wheat, a full fourth of its oats, a third of its rye. That and more, than half its 200 million year its wheat crop was 200 million bushels greater than our own, its oat crop equaled ours, its barley crop was three times as great as ours, its rye crop 25 times as large as ours. Russia has more horses than any other nation on earth, with 35 million, as compared with our 24 million; more sheep than any other nation, with 30 million, as compared with our 50 million; nearly as many cattle, with 51 million, as compared with our 59 million.

Are You Rheumatic?—

Try Sloan's.

If you want quick and real relief from Rheumatism, do what so many thousands of other people are doing—whenever an attack comes on, bathe the sore muscles or joints with Sloan's Liniment. No need to rub it in—just apply the Liniment to the aching face. It is wonderfully powerful and it goes right to the seat of the trouble and draws the pain almost immediately. Get a bottle of Sloan's Liniment for 25c. of any druggist. Have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Advertisement.

Constable in Hard Luck.

The special constable was chaffed by his friends for appearing on parade without his badge. "You see," explained the "special," "I was in rather a tough crowd getting on the car the other night, and when I got in I found that someone had pinched my badge. They really ought to have detectives to watch the busy spots on tram routes."—Manchester Guardian.

Live-Ver-Lax tones up the system, stimulates the Liver to work in harmony with the other organs. Guaranteed to give satisfaction.

Rub With Paper.

By rubbing the bathtub with crumpled newspaper as soon as it is thoroughly dry, every bit of grease, soap, lint and the marks from the water will be easily and quickly removed. It is not necessary to do any scouring if the tub is smooth, but it is quite necessary that it be dry.

Live-Ver-Lax is guaranteed to relieve troubles resulting from a disordered Liver. Pleasant to take and perfectly harmless.—Advertisement.

Would Not Think of Defeat.

As to being prepared for defeat, I certainly am not. Any man who is prepared for defeat would be half defeated before he commenced. I hope for success, shall do all in my power to secure it, and trust to God for the rest.—Admiral Farragut.

EXPLAINS BELTS ON JUPITER

Rapid Rotation of the Planet is the Cause, According to Those Learned in Astronomy.

It has been suggested by Lau that the reason Jupiter has belts instead of zones of spots is to be found in its rapid rotation. The material forced upward from the lower strata of the planet, bringing with it a smaller linear velocity than that of the surface, streams eastward and assumes the appearance of elongated streaks. If the centers of eruption are sufficiently numerous, belts are formed, and it is suggested that, were the sun's rotation much more rapid than it is, the solar surface at spot maximum would also present dark streaks or belts. In accordance with this theory of belt formation it will be remembered that the great revival of Jupiter's north equatorial belt in 1912-13 began with the outbreak of a few isolated spots, which quickly spread out around the planet.—Scientific American.

IMPRESSIONS.

"Latin is a dead language, is it not?"

"Well," said the pharmacist, as he looked at a long prescription, "sometimes I think it's a dead language, and then again I get an idea that it's pretty lively, killing people on its own account."

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily, at the Price of a Weekly. No other Newspaper in the world gives so much at so low a price.

The year 1914 has been the most extraordinary in the history of modern times. It has witnessed the outbreak of the great European war, a struggle so titanic that it makes all others look small.

You live in momentous times, and you should not miss any of the tremendous events that are occurring. No other newspaper will inform you with the promptness and cheapness of the Thrice-A-Week edition of the New York World. Moreover, a year's subscription to it will take you far into our next Presidential campaign.

THE THRICE-A-WEEK WORLD'S regular subscription price is only 1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and Hopkinsville Kentuckian together for one year for \$2.65.

The regular subscription price of the two papers is \$3.00.

Send all subscriptions to Kentuckian office.

Why Is It?

The 57,000 varieties of things women's ways that it is impossible for a man to understand," said a bawler, "I will mention only one. It is that women button coats the other way from men. Which a man buttons on the right side, a woman's coat is so made that she comes on the left side of her garment, when it is the man's coat, the button is on the right side. When a man's overcoat is always this way, it is wrong way! The first thing she says is that the only one side is that her."—Dis.

Children Cry FOR FLETCHER'S CASTORIA

WHAT SHE REALLY NEEDS

Village Deacon Uses Words of Wis-
dom in Addressing His Young
Lady Friend.

"So, my young lady friend, you think it almost unbearable in the old town, do you?" said the Village Deacon of the Osborne Farmer. "Altogether too dull to suit you. You have grown clear away from life in a quiet, rural place and long for the paved streets, marble cafes, crowded street cars and whirl and bustle of Kansas City. Of course all you know about city life is what you have heard someone say, what you have read and what you have dreamed—all, by the way, very unreliable sources of information. Time hangs too heavily on your hands here. I notice that your poor old mother has plenty to occupy her time. She is never idle very long at a time. You might jump in and take some of her burdens a week or two. There are also lots of good books you have never read and your knowledge of fancy work could be written on a postage stamp. You are tired of the same old faces every day. Perhaps you don't know that those old familiar faces are the bulwark that stands between you and harm. If you could get away from here for a few months among strangers those old familiar faces would look so good to you that you would cry at the thought of them. No, you do not need a change of place. What you need is a change of heart."

CONTINUOUS PERFORMANCE

Helen—Why, I thought you and George were married last January.
Minnie—We were, but I left him. He's courting me again, now.

UTILIZING THE DEAD WOOD.

At an expense of \$425 for a saw-mill and some wages for wood cutters, the city is about to go into the wood business, with a prospect of returns on the venture which would delight many a business man these days. The dead trees are to be cleaned out of the parks in all the boroughs, and on the suggestion of Park Commissioner Weier of Queens the wood thus cut will be sold to the education department at \$13 a cord. There is a ready and permanent market, so that the estimated return is \$1,200 this year, and a larger one next.—New York Tribune.

TOMMY ATKINS' FRENCH.

Geoffrey Young, in "From the Trenches," gives many amusing as well as grim anecdotes of the British army in France. For all his belief in himself as a linguist, Tommy Atkins can rarely give the names of places where he has fought. The French names, if even heard, are soon forgotten. He dates from "where so-and-so got hit," or "where the woman ran out to give us drinks as we rode by."

VERY PUBLIC.

Doctor—You should diet—eat onions; they are the secret of life.
Patient—Yes, but how do you keep them a secret?

WORSE.

"Do you suppose it's such a very bad thing to be sarcastic?"
"Not nearly so bad as to think you are and not be so."

A GOOD BAROMETER.

"How can you tell when a nation is really getting more honest?"
"There is always the conscience fund."

QUITE A BOUQUET.

"Why do you call Mr. Blowster a successful horticulturist?"
"Because he's the father of Daisy, Rose, Violet and Lily Blowster."

Could Not Write.

Versailles, Ky.—Mrs. Elisha Green, of this place, says: "I could not write all the different pains I had, when I first tried Cardui. I could hardly walk. Now I am able to run the sewing machine and do my work: and my neighbors tell me the medicine must be good, for I look so much better." Cardui is a specific, pain relieving, tonic remedy, for women. In the past 50 years, it has been found to relieve women's unnecessary pains, and female misery, for which over a million suffering women have successfully used it. Try Cardui for your troubles. It will help you. At the nearest drug store.—Advertisement.

ISLANDS OF LITTLE VALUE

Agriculture on the Falklands is of the Very Slightest Commer-
cial Importance.

Port Stanley, the capital of the islands off which England's recent naval victory was won, is a small, clean town, very much resembling some of the villages in the Orkneys and Shetlands, says the London Pall Mall Gazette. The houses occupied by the government officials and the chief employees of the Falkland Islands company are stone built, with slate roofs; but most of the others are built of driftwood and old ships' timbers.

The country around Port Stanley is a huge peat morass, more or less impassable, according to the time of year, and there are no roads fit for vehicular traffic leading out of the town. Throughout the whole of the islands there are no trees indigenous to the soil, and the tallest plants, except a species known as tussock grass, which grows from six to ten feet, do not exceed the height of the common English furze. Agriculture is virtually impossible, for wheat will never ripen, and oats, rye and barley but seldom. Potatoes are unknown as a crop, and the ordinary English vegetables will not mature.

PROPER WAY TO CLEAN SHOES

Details That Many Overlook Are of the Utmost Importance When Re-
sults Are Sought For.

Very few people have the least idea of how to clean a pair of shoes. The mistake that nearly everyone makes is of failing to brush the shoe clean before putting on the blacken-
ing.

Another blunder is that of putting on too much blackening and not working it well into the leather before starting to polish the shoe.

When cleaning brown shoes it is necessary to get all the dirt out before putting on the polish. Other-
wise you cover the dirt with a coat of polish and leave it there for good. You have an old pair of shoes which are beginning to leak. Try the following:

Take linseed oil ten parts, mutton suet five parts, yellow wax five parts, resin one part. Melt them together over a gentle fire, let the mixture come to a boil, then set aside till cooled to about 140 degrees. Take a brush—an old toothbrush will do—and give the shoes two coats of the mixture. Be sure to work it well into the seams. This will make the boots thoroughly waterproof.

ABOUT DRY GOODS MAINLY.

"Before we were married, Tom, you used to drink in every word I said."

"Yes, but your conversation has become so dry now that I can't drink it in."

TWO POINTS OF VIEW.

"Does your wife object to late din-
ners?"

"Depends on whether it is due to my meeting a friend or her being at the matinee."

A SNAPPY GAME.

Patience—Why, she's forever snap-
ping at her husband during the card game.

Patrice—Yes; she plays what you call a "snappy" game of bridge.

COMPENSATION.

"Don't you think that's a rather low-brow song for such distinguished company?"

"Oh, I'll sing it at the top of my voice to raise the level."

TAKING PAINS.

Gibbs—You don't take any pains with your writing.

Nibbs—Don't I, though? What about this writer's cramp I've got?

REVENGE.

"From the way wheat is behaving, I will be glad when one time comes?"

"What time is that?"

"When they thresh it."

FROM FRYING PAN TO FIRE.

She—I bought a cook book for our new cook.

He—Goodness, doesn't she cook badly enough as it is?

NOT THAT SORT.

"The poet, my friend, is a seer."
"Maybe so, but I've noticed he's seldom a financier."

The Home Group

A carefully selected list of leading periodicals especially prepared for the readers of the HOPKINSVILLE KENTUCKIAN.

Here is Our Offer to You:

SELLERS-WOOD**Miss Rosebud Wood Bride of Mr. W. C. Sellers.**

Miss Rosebud Wood, and Mr. Waller Clements Sellers were married at the Second Baptist church Friday night at 7 o'clock. The wedding was without previous announcement and was a surprise to all but the close friends of the young couple. The church was decorated for the wedding with flowers and plants and the ceremony was performed by Rev. W. R. Goodman, pastor of the church. The bride was attired in a white wedding gown, and wore a veil and carried a bouquet of bride roses. Mendelssohn's wedding march was played. Following the wedding, Mr. and Mrs. Sellers repaired to the Christian church, where the bride directed the declamatory contest given under the auspices of the W. C. T. U., in which she had drilled the six boys competing.

The bride is the youngest daughter of Mr. and Mrs. Jas. B. Wood and is a bright and accomplished young lady. Mr. Sellers is engaged in business in Morganfield and is representative of one of the prominent families of Union county.

TERRY WILSON,

of Chattanooga, Tenn., will meet Roggie Morton, of Nashville, in an Eight-round bout at Holland's Opera House Thursday night, April 29.

Buys a Home.

Thursday afternoon Mr. J. B. Wood sold to Mr. R. E. Butler, his beautiful and palatial home in East Princeton, and will give possession of same within one month. This is one of the prettiest homes in Princeton, and has all the modern conveniences. Mr. Wood and family will likely leave Princeton in a few weeks, and will either locate in Mississippi, or Florida.—Princeton Leader.

Mr. Butler is a son-in-law of Mr. T. P. Johnson, of this city.

HIGH SCHOOL WINS**Over Princeton High By Score of 9 to 1.**

Hopkinsville High triumphed over Princeton High in a well played game Saturday afternoon by the score of 9 to 1. The locals started their scoring in the first inning, and were never approached. Princeton tallied their lone point in the seventh, when with 2 down a 3 base hit was followed by a two-bagger.

The delayed rally was suppressed by Higgins striking out the next man that faced him.

Both pitchers pitched good ball. Higgins had control of the situation at all times, and pulled out of some hard holes. The opposing pitcher started off wild, but soon settled down and pitched commendable ball.

Capt. Moss deserves mention for his work behind the bat and also for his clean hitting.

The score:
1 2 3 4 5 6 7 8 9 R. H. E.
P. H. S. 0 0 0 0 0 1 0 0 1 4 4
H. H. S. 3 2 0 0 0 0 2 0 2 9 12 5
Batteries—Whitting and Tally, Higgins and Moss. Time—1:30. Umpire—K. West.

That Anniversary.

Editor Charles Meacham, of the Hopkinsville Kentuckian, celebrated his thirty-sixth newspaper anniversary Wednesday. He grows better with age like another Kentucky product.—Elizabethtown News.

Former Maver Chas. M. Meacham, of Hopkinsville, who has been the editor of the Kentuckian since the editor of this paper was a mere boy, celebrated the 36th anniversary of his newspaper life Thursday, April 22nd. Editor Meacham's mark of age is plain, being bald headed, otherwise he looks and acts rather boyish at times.—Elkton Progress.

School Entertainment.

The Lafayette Graded School will give an entertainment April 29 and 30. The program for one of the evenings will be "Al Martin's Country Store."

China is coining silver dollars bearing President Yuan's image on one side.

CRUSADE ON FLIES

Manager Shrode of The Rex Hits Upon Novel and Generous Scheme.

Mr. J. L. Shrode of the Rex Theatre, since April 12 has been giving a ticket to every child who has brought him three or more dead flies and the following tabulation was made up Saturday, covering the seven days on which flies were received:

Monday—April 12—Tickets given, 173; flies received 686.
Wednesday—April 14—Tickets given, 191; flies received, 1,009.
Thursday—April 15—Tickets given 221; flies received, 1,476.
Saturday, April 17—Tickets given, 212; flies received, 1,950.
Monday—April 19—Tickets given, 158; flies received, 2,840.
Wednesday—April 21—Tickets given, 182; flies received, 4,070.
Thursday—April 22—Tickets given, 155; flies received, 4,011.
Tickets issued total 1,292.
Flies received total 16,042.

Little Miss Katherine Coleman and William McCullum, of the West Side school brought the most flies at any one time, at that school.

James Pace, Virginia street school, brought the most flies at that school.

At the Clay street school Claude Wade and Elsie George brought the most flies. The offer of theatre tickets expires on May 1 and during the few days remaining the children will redouble their efforts to secure these. Following this a \$5 prize will be offered to the fly killers, details to be announced later.

Princess

Manager Stockley presents the distinguished comedienne May Irwin in her greatest comedy success "Mrs. Black is Back" as his leading film to-day, in four parts. As the unfortunate but jolly Mrs. Black, who in haste lies to her husband about her age, and repents thereafter at leisure (said leisure being chiefly employed in the manufacture of more deception to account for the first), Miss Irwin is at her best, as her inimitable facial expression and excellent pantomime

work render her art especially adaptable to the screen.

Mrs. Black, formerly a plump and good-natured widow, tells Professor Black, her newly-made husband, whom she adores and fears, that she is twenty-nine, instead of thirty-six, her real age, thus neatly knocking off seven years from the sum total. To further convince him of her youth, she tells her son John, whom he has never seen, is aged ten, when "Little Johnny" is in reality a husky young fellow of seventeen, in school in England.

Many ridiculous situations arise. Of course the fatal truth at last comes out, and the penitent Mrs. Black leaps into an auto, about which she understands nothing, and runs away. Her frantic husband sees the machine smash and when after believing her gone from him forever, he learns that she escaped injury, he is so glad to find "Mrs. Black is Back" that he readily forgives her deception, welcomes the masquerading son Jack, and the comedy ends as a comedy should—with a laugh.

LOST on Saturday, a small gold gentleman's watch, hunting case, no. 8,763,671, works no. 112,536. Name W. O. Soyars in back. Reward for return to owner, or this office.

AN INTERVIEW WITH MR. FORD

The following interview was given by Mr. Ford to one of the aggressive Ford agents, who returned to his home and gave it to his territory in the following newspaper advertisement:

This is the most Important Advertisement I Ever Caused to be Published---Read Every Word---And Then Marvel!

On a personal visit to Mr. Henry Ford I broached the subject of a possible August 1st Rebate.

(The Ford Company announced last year—as you well remember—that if their total sales reached 300,000 cars between August 1, 1914, and August 1, 1915, each purchaser during the period would receive back a refund of \$40.00 to \$60.00.)

"Mr. Ford," I suggested, "is there anything I can say to our people with regard to the Ford Motor Company's 300,000 car rebate plan?"

"We shall sell the 300,000," was the quiet reply—"and in 11 months, a full month ahead of August 1st."

"Then a refund is practically assured?"

"Yes—barring the totally unexpected. We are 50,000 to 75,000 cars behind orders today. Factory and branches are sending out 1800 daily."

I then said to Mr. Ford: "If I could make a definite refund statement we would increase our local sales 500 cars."

"You may say," was Mr. Ford's deliberate and significant reply to this—"that we shall pay back to each purchaser of a Ford car between August 1, 1914, and August 1, 1915, barring the unforeseen, the sum of \$50. You may say that I authorized you to make this statement!"

What can I add to the above? \$15,000,000 cash coming back to Ford owners! And to prospective Ford owners up to August 1, 1915, it actually means—Ford Touring Cars for \$490—less the \$50 rebate! Ford Runabouts for \$440—less the \$50 rebate! What is there left for me to say?
